

Says

What have we heard them say?
What can we imagine them saying?

Agriculture is the process of growing crops by using land,water, seeds and other things.

It provides us food,feed,fiber,fuel,furniture,fertilizers,raw materials,feed-back materials for and from factories,funds,flood control,a free,fair and freshenvironment,abudant food driving out famine and friendship,and eliminating fights.

We can't imagine human life without agriculture as it provides basic essentials like food for us to live a healthy life.

It provides food,raw material for industries and some product for export.

It accounts for about 25% of the gross domestic product.

Does

What behavior have we observed?
What can we imagine them doing?

Nearly two thirds ofpopulation depends directly on agriculture for its livelihood.

Agriculture isone of the keycontributors to the economy .

It provides employment opportunity to the rural agricultural as well as non-agricultural labourers.

It is the backbone of the country.It is the primary activity of the nation.

Agriculture is the main stay for indian economy.

Disadvantages:biodiversity loss,water pollution,health risks,food safety concerns.
